

EMBLEM Solvent Sticky Textile Banner Removable

EMBLEM SOSTBAR is made for wall decorations and noble fair decorations. The fine textile surface structure and the special coating adapted for contemporary inks provide excellent colors. The dimensional stability of the fabric and the use of repositionable adhesive make easy processing possible.

Matchcode:	SOSTBAR
Material:	polyester textile
Finish:	matt
Colour:	white
Weight:	190 g/m ² (325 g/m ² incl. liner)
Opacity:	>98% acc. ISO 2471
Adhesive:	semi-permanent, solvent acrylate
Liner:	siliconised kraftliner, 135 g/m ²
Adhesion power:	11 N / 25 mm acc. FINAT 1 - 24h contact (average value)
Application temperature:	min. + 10°C
Standard roll width:	42"
Standard roll length:	15 m
Durability:	6 months indoors, removable from most subsurfaces
Storage:	cool and dry at 15°C - 25°C, 50% rel. humidity
Shelf life:	24 months in original packing

COMPATIBLE INKS:

Eco solvent:	yes	UVC:	yes
Solvent:	yes	Latex:	yes

Different printers, inks, resolutions and printing qualities result into numerous different printing parameters. In addition, there are numerous factors influencing processing and the application of our materials. For this reason, we cannot make specific statements as to drying times and maximum ink absorption. For this reason, we recommend you to perform own tests in order to verify the desired results. Our product specifications are not to be understood as legally binding guarantees assuring specific characteristics. Any liabilities and guarantees, as well as claims for compensation beyond the value of the product itself are excluded.

EMBLEM Solvent Sticky Textile Banner Removable

Description:

EMBLEM SOSTBAR allows clean and easy realisation of noble indoor decoration by self-adhesive textile. The high opacity of the textile covers subsurfaces in an excellent way. You can print on EMBLEM SOSTBAR with common eco solvent, solvent, UVC and latex based inks. Due to the special adhesive EMBLEM SOSTBAR is free from residue removable from most subsurfaces within 6 months.

Processing:

The adhesive has a good bonding on most subsurfaces. The subsurfaces to be paste up with the textile have to be free of dust and grease. Previous decorations have to be removed completely. To check compatibility between the adhesive and the subsurface the user is advised to make tests before application.

Please use a pressure roll or a felt squeegee without sharp edges for application to protect the print. We advice to roll the final products with print side outside on a core. A core diameter of 15 cm (6") is an optimal fit to avoid small tunnels between textile and liner. Small tunnels have no influence on the adhesion power.

Please store the media in original packing. To avoid fingerprints the use of cotton gloves is advisable.

Application:

Typical applications for EMBLEM SOSTBAR is a noble indoor decoration at exhibitions, conference rooms, trade fair stands, hotels and restaurants.
